

## Airport Cluster Finland r.y.

October-2017

### ➤ **ACF Info**

Dear ACF members.

We were last week at the Inter Airport Munich Fair, and the participation was great both by ACF member companies and visitors.

ACF had a shared stand where Vaisala, Go Sleep and Eastman were together. The Finland Pavillion, coordinated by Wulff Entre, had also EFLA and Obelux as separate stands next the the ACF stand. Other members like ADB Safegate, Moventor, TWOY Engineering were also present at their separate stands. It was all in all a good show and the initial feeling after the show, is that everyone had a good event and interesting visiting clients at the stands.

Hope to see you soon again.

Juha Fieandt
