Lentopallon Pallotykki DV2

Intelligent Volleyball Training System

>> Model: DV2
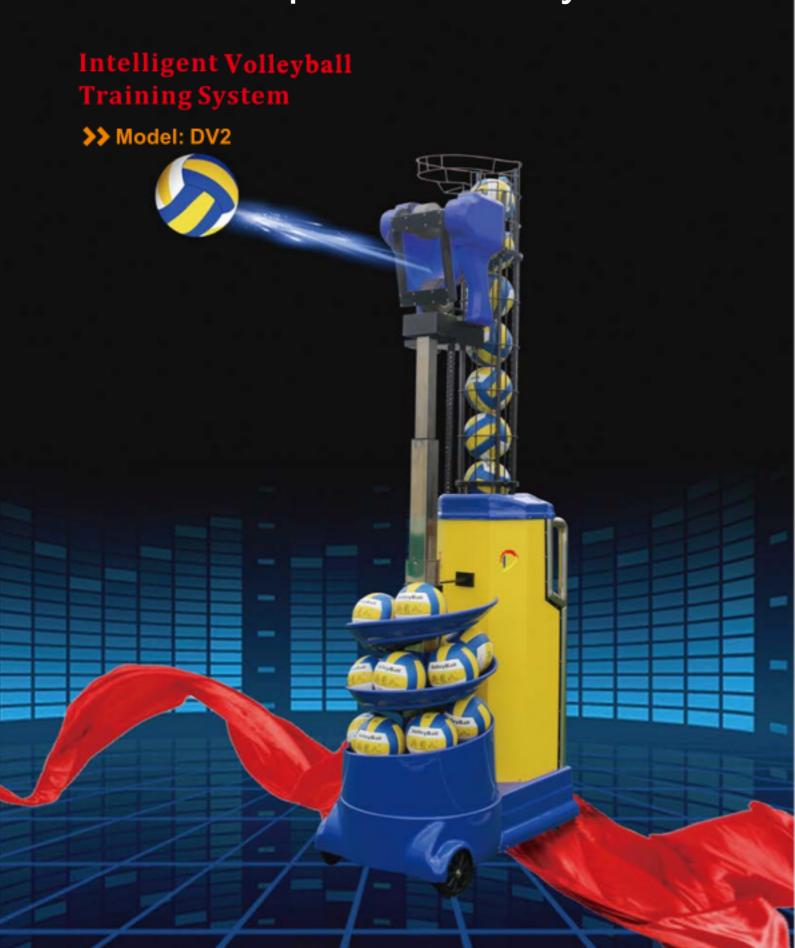

Intelligent Volleyball Training System

>> Model: DV2

Parameter
1. Color: Yellow
2. Power: 160w
3. Frequency: 2-4 sec/ball
4. Ball capacity: 30 balls

Function
1. Full-function remote control of digital display (speed, frequency, angle, rotation, etc.)
2. Intelligent drop-point programming, and self-training different modes of training
3. Practice different ball digging(Forearm, step by step, underhand, single hand, the sprawl, the roll and the dive), serving,smashing and passing etc
4. High-end wear-resistant wheels,easy to move
5. Automatic lifting, automatic feeding, no need to feed ball by hand

Smart remote control
LCD interface

Intelligent Volleyball Training System

>> Model: DV1

Parameter

1. Serving frequency: 2.3-6 sec/ball
2. Ball capacity: 5 balls
3. Power: 96w
4. Serving height: 1.2-2 meters
5. Horizontal angle: 180 degree

Function

1. The horizontal swing 180 degree circle
2. Speed and frequency adjustment of fixed ball and horizontal ball shooting
3. Circulating net system, which can be used for 1-5 balls
4. Professional training for volleyball second pass technology

Intelligent Football Training System

>> Model: DF2
