[Auringonpimennys-sykli Saros 145 ja siihen kuuluva pimennys elokuussa 1999 ja tämänvuotinen Amerikan suuri eklipsi 21.8.2017 ovat yhteydessä toisiinsa!](#)

Kirjoitin äsken seuraavan sähköpostiviestin [The EndTimesForecaster](#) -blogin ylläpitäjälle William Frederick'ille koskien tämänpäiväistä Amerikan auringonpimennystä ja elokuun 1999 pimennystä, jotka molemmat kuuluvat tunnettuun [Saros 145 pimennysarjaan](#) ja liittyvät toisiinsa. Kirjeeni voi kääntää suomeksi vaikka Google-kääntäjällä jos ei osaa englantia.

Hi William!

This message is for your post: [The Great American Eclipse; Beware Solar Saros 145!](#)

You told about three eclipses that belong to Saros series 145 and the importance of those. I want to add **August 11, 1999 great eclipse** that was a sign for Vladimir Putin's rise in power and as a hero of the Second Chechen War later and finally as a successor of Boris Jeltsin in Russia. We must remember that Putin was the guy who accelerated that war by false flag attacks in Russia. And what is most important, Putin is probably Gog of Ezekiel 38 & 39!

https://en.wikipedia.org/wiki/Second_Chechen_War

I quote:

"The Second Chechen War was an invasion launched by the Russian Federation, **starting 26 August 1999**, in response to the Invasion of Dagestan by the Islamic International Brigade (IIB)."

https://en.wikipedia.org/wiki/1999_Russian_apartment_bombings

I quote:

"The 1999 Russian apartment bombings were a series of attacks carried out on four apartment blocks in the Russian cities of Buynaksk, Moscow, and Volgograd in September 1999 that killed 293 people and injured more than 1,000. Together with the Dagestan War, the bombings led the country into the Second Chechen War."

"The war in Chechnya boosted the popularity of Prime Minister Vladimir Putin, who was previously the director of the FSB, and helped the pro-war Unity Party succeed in the elections to the State Duma and helped Putin attain the presidency within a few months."

Political career of Vladimir Putin

https://en.wikipedia.org/wiki/Political_career_of_Vladimir_Putin

I quote:

"On 9 August 1999, Vladimir Putin was appointed one of three First Deputy Prime Ministers, which enabled him later on that day, as the previous government led by Sergei

Stepashin had been sacked, to be appointed acting Prime Minister of the Government of the Russian Federation by President Boris Yeltsin.[11] Yeltsin also announced that he wanted to see Putin as his successor. Later, that same day, Putin agreed to run for the presidency.[12] **On 16 August, the State Duma approved his appointment as Prime Minister** with 233 votes in favour (vs. 84 against, 17 abstained),[13] while a simple majority of 226 was required, making him Russia's fifth PM in fewer than eighteen months. On his appointment, few expected Putin, virtually unknown to the general public, to last any longer than his predecessors."

And there is also prediction of Nostradamus which may well mean Putin's rise in power at autumn of 1999 (2017 - 1999 = 18 years).

<http://www.revelation13.net/Nostradamus.html>

I quote:

"Concerning the solar eclipse over Europe on August 11, there is a prophecy by Nostradamus that is of interest. Some of the prophecies do have dates, including Century 10, Number 72:

**"In the year 1999, in the seventh month,
from the sky there comes a great king of terror,
to bring back the great king of the Mongols,
Mars rules triumphantly, before and after"**

Concerning this prophecy by Nostradamus, it is interesting that the solar eclipse passed over France on August 11, 1999, and on August 17, 1999 the Cassini spacecraft with its nuclear fuel passed within a thousand miles of earth's surface, within a day of the Grand Cross pattern. I think the significance of Cassini passing by earth within a day of the Grand Cross pattern is that Cassini may be a hologram, a symbolic parallel event, related to the rise to power of the Antichrist in Russia as Vladimir Putin, President of Russia. Note that the Cassini spacecraft reached Saturn in July 2004, and landed a probe on Saturn's moon Titan in Jan. 2005. "Titan" in Greek totals 666 (the number of the Antichrist), where in Greek each letter is also a number, and Greek is the language of the Book of Revelation and the New Testament. And note that Cassini crashes into Saturn/Satan in September 2017, so could that be when Putin will start a nuclear war? And note that: just before then, **August 21 2017, there is a total solar eclipse seen in the U.S. from coast to coast**, Oregon to South Carolina. **Could this be a sign of World War 3 launched by a Putin missile launching in September 2017?** Note that when Putin the Antichrist first rose to power in Russia in August 1999, there was then a total solar eclipse over Europe. So this total solar eclipse over the U.S. in 2017 could be a sign of Putin the Antichrist attacking the U.S. with a missile attack. The Aug. 21 2017 Astrology chart shows a cluster of planets and a trine - triangle shaped pattern."

Only thing to be fixed in article above is that Vladimir Putin IS NOT the Biblical Antichrist but Gog of Ezekiel. And that Gog & Magog War is impending. At the same time the Antichrist, which I believe is from modern Babylon aka America, will rise on world stage as a False Savior. He is the Masonic Christ (Trump? Look at the Economist cover page).
