

Equipments for corrosion- and process measuring and corrosion prevention

PROCESS INDUSTRY

PIPES, TANKS, HEAT EXCHANGERS, EVAPORATORS ,....

- corrosion -, monitoring and prevention ,
- chemicals optimizing, anti-scaling

CHEMICAL INDUSTRY

PIPES, TANKS, HEAT EXCHANGERS, EVAPORATORS ,...

- corrosion -, monitoring and prevention ,
- chemicals optimizing, ...

PULP- AND PAPER INDUSTRY

PIPES, TANKS, HEAT EXCHANGERS, EVAPORATORS ,...

- corrosion -, monitoring and prevention ,
- chemicals optimizing, ...

POWER INDUSTRY

POWER BOILERS, RECOVERY BOILERS....

- maintenance, corrosion-, monitoring and prevention, fuel optimizing, chemicals optimizing ...

OFFSHORE

VESSELS, PORTS,

- corrosion-, monitoring and prevention, painting condition monitoring, anti-fouling ...

ENVIRONMENTAL PROTECTION

Our products could be used as well in continuous environment monitoring

CONSULTING

Consulting and planning in corrosion prevention

CORESTO

Ratamestarinkuja 10, 57100 Savonlinna, Finland

All our daily tasks and development activities are very much customer-oriented.

That makes in natural for us to offer you problem-solving services and equipment fitted just for you.
