JAKE 800 LC

The **JAKE 800 LC** has been designed to mount a truck-mounted loading crane up to 30 tm on a tractor¹. The loading crane mounted the a tractor is an efficient solution for power line maintenance and many other all-terrain tasks.

JAKE Front Outriggers, PTO Pump Unit, Oil Tank, Toolbox System and Boom Support complete the unit. We can supply the whole unit, including the tractor and crane, or use an existing tractor and/or crane.

¹ Choose JAKE 804 LC for Valtra N4 and T4.
