We take you over 100 meters below ground level where history of miners is strongly present. Visitors can excavate a small piece of limestone to take home. Souvenir that is around 1.6 billion years old. Geological exhibition tells the story why our nature in this area is so rich with thousands of apple trees, hazel nut bushes and beautiful flowers.

The highlight of the tour will be the light and music artwork Jean Sibelius Finlandia. Beautifully

presented light show with changing lights reflecting in a massive surface of the excavated area, which is 100 meters deep and 100 meters wide.

Light lunch at Tytyri

You will have light lunch with local apple juice in a beautiful space.

Kettukallion Elämystila

is built amongst Finnish nature. You can see beautiful woods reflected from the forest pond and enjoy the silence of the nature. There's plenty of rustic tools and other items all around so there's a lot of things to wonder and watch.

Coffee break and handicrafts

Then it's time to relax. You will have a cup of coffee or tea and something very Finnish to eat, for example apple or blueberry pie. You will also have a possibility to do some small handicrafts.

Smoke sauna and a hot tub

Finally it's time for sauna! We have a traditional Finnish smoke sauna, where you can take your time enjoying the refreshing atmosphere. Smoke sauna is the origin of our everyday sauna. Right beside the smoke sauna there is a hot tub where you can sit and relax listening to the nature. The hot tub has room for 8 persons.

Dinner

Dinner is served in the idyllic lapp hut. Dinner is cooked on open fire just for you. Dinner includes starter salad based on Finnish vegetables and main course: blazed salmon, baked potatoes, grilled vegetables and sauce. After dinner we offer you coffee or tea cooked by fire.

Accommodation in Gasthaus Lohja

Gasthaus Lohja is a small, cosy family-run hotel in the centre of Lohja. Hotel is located nearby Lake Lohja and forest. Each will have a recently renovated single or double room, including bathroom with shower. All rooms are unique and there's an access from rooms to shared big terrace-area.
