# DRY AGED STEAK

## THE NEXT LEVEL

### DA1. SMOKE'S DRY AGED STEAK

18,00€/100g

Holy Smokes best steaks are dry aged in DRY AGER® -aging fridge, developed only for this purpose.

The meat ages at 0-4°C temperature, humidity 80-85% and in fridge air flows 0,5-2m/sec.

The beef reaches its top tenderness after 28 days of dry aging, after that the beefs flavor condenses and develops.

Holy Smokes dry-aged beef are dry aged 40-60 days.

Dry Aged beef prefer high quality meats. Dry aged meat needs to have the bone inside and plenty of fat at the top of the meat.

Holy Smoke uses Highlander bull, which is excellent steak. Bulls pasture and long rearing time gives the meat game like and deeper flavor.

After dry aging, the meat is cut, with bones, to 300-450 g steaks. Steaks are grilled with real fire in Holy Smoke's grill and is served as medium.

Holy Smoke's staff will be happy to tell you about metas that are available. The price of the steak is determined by the boneless raw weight.

## SIDE DISH
