

A description of the shareholder's obligation under section AOL to notify and apply for as. company approval for repairs and alterations to the apartment

### MANAGEMENT OF SHIPPING REPAIRS

The new AOL requires that repairs and alterations to the apartments be documented and the information is attached to the property manager's certificate for the apartment. As a result, housing companies must appoint a supervisor for all repairs. prepare a job description / site diary showing the materials used for the repair, working methods, workers, etc.

As part of the supervision, the Board checks that the operators have qualifications in accordance with RakMKo A1 (2006) and e.g. the requirements of the Subscriber Liability Act are met
