

Seasonal outdoor work in Lapland

Lapin Metsäpalvelut Oy is a private company which offers forest services in Northern Finland. Our office is located in Rovaniemi but we operate forest work all over in Lapland. Forest work is mainly clearing young forest and planting seedlings.

If you are fit, hardworking person who does not mind occasionally about the bad weather, you might find this flexible outdoor work perfect job for you.

We are looking for staff in many places (Sodankylä, Rovaniemi, Tervola, Kittilä), and when worker is capable to work independently, there is job also in elsewhere in Lapland.

Work is seasonal;
Planting seasons are on june (about 6 weeks) and september (2-4weeks),
Clearing saw season is about 7-8 month (may-december).

You can send informal applications to adress
