

Fishing in Saarijärvi's partners rapids 2014

If you catch a trout and it is 60 cm or less it is then undersized and if a trout has got a fatty fin you must release it. When grayling is 35 cm or less then it is undersized.

Licence time: Licences in rapids starts at 12 p.m. If you buy licence from seller. Telephone licence starts when you got message that says that you have a licence and if you buy licence via internet it starts when you have payed it.

The most handiest way to get the licence is by phone. If frequency band is bad just get it nearby trout or on some hill to get it better.

There is 3 areas where you can get your licence:

When you buy your licence by phone, you can close your phone after hearing "Kiitoksia soitostasi" (thank you for your call) (5-10sec.) and then you can end call by pressing button #.

After that wait a second and you will have your licence by message to your phone. Please, keep your licence message safe that you can show it to the fishing supervisor.

ATTENTION:

- a bad frequency band can make the message come slower
- The licence will be charged from your phone bill
- When you order the licence you admit to go along with fishing rules
- When you buy your licence by phone you have to show it to fishing supervisor when he ask for it
- At the end of licence you can give us feedback in <http://www.saarijarvenosakaskunta.net/Kalastuspalaute>
