## Boost shopping power, compare commissions and simplify your efforts – all in one place

Most travel agents use multiple resources to fulfill hotel bookings for customers. Whether it's due to explicit customer requests or an agent's desire to explore all that's out there, efficiency and sales can suffer during the time it takes to complete bookings. Multiple resources mean different passwords and systems, zero ability to compare offerings and commissions in a single display, and a tangled mess of back-office processing and commission tracking.

For air bookings, 95 percent of agency business is conducted through the global distribution system (GDS), using simple, standard payment methods and BSP settlement. If you would like to do all of your hotel business in one place, too, we can help.

Travelport Rooms and More ([www.TravelportRoomsandMore.com](http://www.TravelportRoomsandMore.com)) is an innovative solution offering you powerful access to the world's accommodations. It doesn't matter which GDS you use – or if you use one at all. You have full freedom to shop and book bed and breakfasts, boutiques, five-star deluxe hotels, budget accommodations and everything in between. Travelport Rooms and More also features a streamlined commission payment process that delivers monthly payments in your local currency – and so much more.

### **WORLDWIDE CONTENT, GUARANTEED COMMISSIONS – ONE SOURCE**

- > Save time and simplify your day with a single, password-protected sign-in, eliminating the need to move from site to site and remember multiple passwords
- > Shop a wider range of content than ever before within a solution built just for you, and compare offerings and prices in one results display
- > Enjoy the ease of consumer travel website functionality – a solution so intuitive and simple, you'll learn the system in minutes
- > Increase your efficiency and productivity on every hotel booking, using familiar and simple processes
- > Offer your customers current availability for a constantly growing range of inventory and competitive pricing, plus the flexibility to pre-pay or pay-on-departure
- > Compare guaranteed commission rates – before you book, and receive your commissions in one monthly payment from Travelport (does not apply to pay-on-departure bookings)
- > Ensure every booking tracks back to you and your agency for timely, accurate commission processing

# Inventories from suppliers across the globe

Travelport's global reach and great partnerships with hoteliers, lodging providers and hotel aggregators worldwide ensure Travelport Rooms and More delivers competitively priced, up-to-the-minute availability for accommodations on nearly every continent. You have the content you need to satisfy every request, from cost-conscious to free-spending travellers, and those who are particular about surroundings and amenities.

You have the ability to filter results by price, star rating, location (with maps), facilities, activities and more. Travelport Rooms and More also gives you access to independent traveller reviews for first-hand insights into properties around the world.

## Additional comparison features for Travelport subscribers

If you are an existing Travelport GDS subscriber, you not only have the ability to access your GDS content through this solution, but also compare inventories with other provider offerings in a fully integrated results display.
