## DINNERWARE

### Premium Bone Porcelain

Premium Bone Porcelain – fine “Bone China”, considered to be the most precious porcelain of all. Its manufacture requires special technical skill and know-how.

As its name suggests, bone china is a porcelain with a high proportion of bone ash.

The body is practically ‘vitrified’, non-porous and brilliant white. This is the secret which gives bone china its special aesthetic material properties.

- high degree of whiteness
- special reflective quality
- soft lustre
- extreme transparency

In connection with this, there are important practical advantages:

- high mechanical resistance
- dishwasher safe (with underglaze)
- microwave-safe

(exceptions: tableware sets with gold decoration)

### Premium Porcelain

Premium Porcelain has been developed from the classic Vitro-porcelain. Villeroy & Boch have succeeded in combining fine white ceramic body with the excellent characteristics of use of Vitro-porcelain. Due to the practical and aesthetic advantages of this material many of the Villeroy & Boch dinnerware series as well as all the special hotelware series are made of “Premium Porcelain”.

### Care instructions

Villeroy & Boch dinner services can safely go in a dishwasher. However, there are a few points to observe when washing items in the dishwasher in order to ensure that patterns and surfaces lose nothing of their brilliance or colour intensity.

- Do not leave very dirty items in the dishwasher for too long
- Use the most delicate programmes possible
- Be sure that the water is decalcified
- Do not place items too closely together
- Open the door as soon as the programme finishes to prevent any remaining steam from settling on the dishes
- Observe the manufacturers’ recommendations regarding washing times and detergent amounts

Precious metal finishes such as gold, silver and platinum are not entirely insensitive to external effects such as mechanical, chemical and thermal influences in the dishwasher. Villeroy & Boch therefore recommends handling this dinner service with the level of care its value and exclusive appeal deserve.

Precious metal décors must not be used in a microwave.

For further information and care instructions, please go to the “Service” column at [www.villeroy-boch.com](http://www.villeroy-boch.com).

## General Terms and Conditions of Villeroy & Boch AG; Tableware Division (01.01.2016)

### I. General

1. These General Purchase and Sales Conditions shall apply to all offers, sales and deliveries of all branches of Villeroy & Boch AG.  
The Purchase and Sales Conditions shall apply only in relation to merchants, legal persons of public law or special public assets.
2. Unless otherwise expressly agreed these conditions shall apply for the entire period of the business relationship without us having to expressly refer to such. Any other conditions, in particular purchase conditions of the Purchaser, shall not apply even if such are not expressly rejected in another form. These Purchase and Sales Conditions shall also apply if we deliver without reservation notwithstanding knowledge of conditions of the Purchaser at variance to our Purchase and Sales Conditions.
3. Any variation (amendment/supplement) to these conditions shall be in writing.
4. Any supplementary oral agreements or assurances shall be ineffective unless confirmed by us in writing.
5. In accordance with § 26 Section I of the Law of Data Protection, we advise you that all customer and supplier-related data necessary for a quicker and rational processing of a contract will be collected, stored and processed by us electronically.
6. A sale of the products to customer outside the European Economic Area and Switzerland is not permitted.  
In addition certain restrictions may apply with respect to certain territories within the European Economic Area and Switzerland.

### II. Offers

1. Our offers are, unless such are described to be binding, non-binding and do not oblige us to accept an order.
2. Upon confirmation of an order, a contract is concluded according to the Purchase and Delivery Conditions.
3. If after the formation of a contract our Customer requires amendments or cancel the contract in whole or in part all costs and expenses incurred until such time as well as any other damage resulting (e.g. loss of profit) shall be borne by the Customer. Cancellation is possible only with our approval.

### III. Prices and Deliveries

1. The prices shall be determined in accordance with the applicable price lists. The price applicable on the day of order confirmation shall apply to the calculation respectively. All prices are quoted excluding packing, shipping charges, value added tax or other official duties.
2. The nature and extent of a delivery shall be determined in accordance with the mutual written declarations of the parties.
3. Deliveries shall be under the conditions set out in the order confirmation (invoices). Any FOB deliveries shall be made only against an irrevocable, confirmed letter of credit.
4. Any goods ordered in error by the Customer as well as any over-ordering of goods or left-over stock shall not be returnable.
5. Delivery shall be ex works or FOB in relation to overseas countries, as the case may be.

6. Delivery dates shall be generally non-binding. Such shall only be binding if expressly confirmed in the order confirmation as being binding. The planned delivery dates shall be those in the order confirmation.
7. A delivery period shall commence with the date of the sending of the written order confirmation.
8. Compliance with the delivery period shall be subject to the completion of all necessary support on the part of the Purchaser as well as compliance with the agreed payment conditions and other duties of the Purchaser. In the event that these conditions are not fulfilled on time a reasonable extension of the delivery period shall automatically come into force.
9. A delivery deadline shall be met if the goods have left our works or notice has been given of the readiness for delivery by the time of the expiry of the delivery period.
10. The delivery period shall be extended by the period of any disruption and the resulting effects in the case of force majeure, operational disruptions for which we are not responsible, insufficient personnel, energy or raw materials as well as any further unforeseeable circumstances beyond our control and for which we are therefore not responsible.
11. In the event that the delivery period is exceeded by more than two months for any other reasons than those named in III No. 8 and in the event that as a result of written demand, the setting of a further reasonable notice period and the threat of cancellation we default, the Purchaser may after the unsuccessful expiry of the reasonable subsequent period withdraw from the contract to the exclusion of all other rights and claims. The claiming of any damages is excluded insofar as wilful acts or gross negligence are not present on our part.
12. Part deliveries are generally possible.
13. In the event that the delivery is delayed for circumstances for which the Purchaser is responsible, we may dispose of the goods after a reasonable period and supply the Purchaser after an extended period. The statutory provisions for the delay in acceptance shall not be affected hereby. Furthermore, the Purchaser shall compensate for all damage including transport costs. In such case we may either prove our damage or, without any proof, demand a liquidated damages amount of 20 % of the net value of the delivery not accepted. The right to provide evidence of further damage is reserved.

### IV. Packing

1. Unless otherwise specifically agreed, packing shall take place at our discretion.
2. Transport packing (e.g. euro container, cartons or boxes) shall be invoiced to the Purchaser. In the case of the sending of re-usable containers a rent or circulation fee shall be invoiced. The re-usable containers shall be returned immediately to the pool via the return logistics. Any costs resulting from non-compliance with this duty shall be invoiced to the Customer. The returning of packing shall be in terms of and in accordance with the applicable statutory provisions.
3. Loading costs shall be borne by the Purchaser.  
In case of loading by pool palletes we shall have a direct pallet exchange with the forwarder for loading on the street. If forwarders or vehicles of the Customer are used, the Purchaser shall ensure that the exchange palletes are undamaged. Any missing palletes shall be invoiced to the Purchaser.

### V. Transport

1. Transport shall be at the risk of the Purchaser.
2. Risk shall transfer to the Purchaser at the latest with the dispatching of the respective delivery. In the event that the dispatch is delayed as a result of any circumstances for which the Purchaser is responsible the risk shall transfer to the Purchaser on the day the goods were ready for transport.
3. We shall not be liable for any damage to or loss of goods during transport insofar as such is not demonstrably the result of defective packing.
4. Any transport damage shall be reported immediately to the transport company for verification. The Purchaser shall obtain a confirmation as to the complaint. The record of negotiations intended for such cases shall be forwarded to us without any need for us to request such.

### VI. Payment Conditions

1. Invoices shall be paid immediately without any deductions. The time of payment shall be the day of the receipt of payment.
2. Failure to pay on time shall result in immediate default.
3. In the event that our outstanding amount is not paid immediately and in full despite a demand for such or in the event that there is reasonable doubt as to the ability to pay or the willingness to pay on the part of the Customer, in particular in relation to objections on bills of exchange or by the failure of cheques or automatic payments to clear as well as by any other delays in payment, or in the event of other payment difficulties, or a substantial deterioration of the economic situation of the Purchaser, in particular in case of pending enforcement proceedings, unsuccessful attachment proceedings, the cessation of payments or pending court or out-of-court settlements, sequestration or insolvency proceedings or in the event of other pending liquidation we may terminate and claim all amounts owing from our business relationship as being due for immediate payment.
4. From the commencement of any default, default interest at the rate of 8 %, for end customers at the rate of 5 %, above the respective basis interest rate of the country in which the debtor maintains its seat of business or the respective basis interest rate of the currency of the invoicing shall be due. The right to make further claims for damages shall not be affected hereby.
5. In the case of payments with acceptance (period not exceeding 3 months), the acceptance of which (no later than 30 days after the date of invoice) is reserved by us on a case by case basis, the total discounting charges shall be borne by the Purchaser. Payments by bills of exchange or cheques shall be valid only after the payment as performance without us having any duty to present or protest in good time.
6. For all methods of payment the date of the receipt of payment shall be deemed to be on the day on which we have the amount at our disposal.
7. The Purchaser may only set off against outstanding debts which are due, which are undisputed or legally determined with no right to appeal.

### VII. Retention of Title

1. All deliveries shall be made subject to an extended retention of title. This shall also apply if individual or all outstanding amounts are included in one current invoice and the amount is determined and acknowledged.

- The delivered goods remain our property until complete payment of all claims arising from the business relationship, regardless of the legal basis, including all supplementary claims (in case of payment by cheque or bill of exchange until the payment on such).
- The Purchaser shall not pledge any goods subject to the retention of title nor make such subject to any lien. Our goods shall not be further processed by the Purchaser (e.g. decoration etc.) unless such is expressly permitted in writing to do so by the user in an individual case and the restrictions of the user are respected. In case of the further sale of goods subject to retention of title by the Purchaser to third parties in terms of the normal course of business, the Customer shall make its customer subject to similar limitations.
- The Purchaser shall inform us immediately as to any access by third parties to the goods delivered by us subject to retention of title also in the case such access is about to occur. The Purchaser shall notify any third parties accessing the goods or wanting to access the goods that such are our property. Any costs resulting from intervention shall be borne by the Purchaser.
- The Purchaser may dispose of the goods subject to retention of title in the normal course of business, but shall do so subject to retention of title. The Purchaser hereby assigns to us as a precautionary matter all claims which may be available to the Purchaser as a result of the further sale. The assignment is hereby accepted. The limit of coverage for the assigned claims shall be 110 % of the realisable value of the goods sold and delivered subject to retention of title. The Purchaser may collect any claims. This authorisation shall no longer be effective in the event of a default in payment by the Purchaser.
- In the event of the goods being returned the Purchaser shall be liable for any deterioration. The expenses of returning the goods (transport costs, new packing etc.) shall be the actual costs or, at our choice, 15 % of the value of the goods.
- The right of the Customer to collect shall be extinguished without any need for an express declaration on our part if the Customer stops payments. We shall make no use of our right to collect insofar as the Customer fulfils its duty of payment. In the event that the Customer is delayed in any payment to us we may take back the goods subject to retention of title and to this end access the premises of the Customer.
- In the event that the realisable value of the securities exceeds the outstanding amounts due by more than 10 %, we shall, at the request of the Customer, release the excess amount of security.
- We may at any time demand information from the Purchaser, provided that an outstanding claim to us still exists, as to which goods subject to retention of title are still in the Purchaser's possession, where such goods are located and which customers took the other goods delivered by us in terms of quantity, nature and number. We may further inspect any goods delivered subject to retention of title at any time on site at the premises of the Purchaser and in the event of any threat to our rights, in particular in case of default in payment or unsuccessful attachment proceedings, forced administration, the commencement of settlement or insolvency procedures, take such goods into our possession, sell such or use such without affecting our other rights for compensation including the rights related to non-fulfilment and default.

## VIII. Product Quality

- Our products shall be delivered in a condition which is of the first class in accordance with our sorting guidelines. The normal commercial requirements in relation to a defect-free body, cleanliness and appearance of the surface may be made in relation to these goods.
- On the basis of the various materials and production procedures variations in colour may appear in a series often depending on the lighting. Production-related variations in size, content, weight, tones and surface quality which are within the normal commercial range of toleration are not defects. There may be colour variations related to printing between the prospectus/catalogue illustration and the product.
- Acidic and/or caustic cleaning agents may cause damage if used incorrectly.
- Later changes in the surface, in particular decorations or other changes to the goods delivered by us, are excluded by warranty. Such are otherwise only permissible in case of further sale by the Purchaser if such changes are agreed to by us previously in writing.
- We reserve the right to make minor changes to the finishing, colour and form.
- Goods in the second choice or other selections do not fulfil our sorting guidelines and do not comply with the normal requirements of design and quality.
- Typical results of use (e.g. metal abrasion or scratching by abrasives) or deterioration in the surface quality are, at the current state of the art, unavoidable and shall not form the basis of any complaint.

The goods complained of shall be stored and handled correctly. Any return of goods shall take place only with our express agreement.
- In the event of any justified complaint we shall be obliged to, at our own discretion, either repair or make substitute delivery of defect-free goods in terms of the agreed quality. In the event that the duty to rectify the goods is not successful after two attempts the Purchaser may reduce the purchase price or at its discretion withdraw from the contract. This shall not apply in relation to any defect-free part deliveries already accepted.
- Any pure optical defects shall result in a right to reduction of value only.
- Any claim for damages regardless of the legal reason shall exist only in the event of wilful acts or gross negligence on our part. The legal representatives and their agents shall be liable in relation to the Purchaser insofar as legal claims can be made against such, but also only in the event of wilful acts or gross negligence. Unaffected hereby

shall be the liability for injury to life, body and health as well as the liability for the breach of substantial contractual duties.

- The above limitation of liability shall also not apply if we have accepted a guarantee for the quality of the goods.
- The precondition for substitute performance shall be proof of correct handling in accordance with our instructions of use and care.
- We shall be granted, or an expert appointed by us shall be granted, the opportunity to inspect any damage in an unchanged form and a reasonable period shall be given to inspect the cause of such damage. Furthermore, we are entitled to inspect any damage at any time, together with third parties, for the purpose of determining the damage and any possible cause and, if necessary, of preparing cost estimates, etc. In the event that such is refused by the Purchaser or the final user any liability for defects shall be extinguished.
- The Purchaser has the right and duty for the purpose of avoiding greater damage to make all necessary measures to avoid or reduce the damage or to arrange for such to be done and to take all necessary care to maintain samples of the defective delivery.
- The period of limitation for claims related to warranty for construction and products which in accordance with the normal method of use are used in relation to construction is 5 years from the date of delivery of the goods and for all other products 2 years. The abovenamed time limits shall not apply if fraudulent intent exists.
- Immediate / direct consequential damage shall be reimbursed by us up to a maximum amount of EUR 150,000 for each case of damage. Any further claims for damages (e.g. for loss of profit, loss of use etc.) are excluded.
