

## NOTIFICATION OF A NEW INVOICING ADDRESS

Dear partners,

Our company has begun to use the Procountor software, which means that we are now able to receive electronic invoices.

We hope that in the future you will try to send your invoices to us electronically. Compared to paper invoices, the processing of electronic invoices is faster, more reliable, and less expensive for both the sender and the recipient.

Our electronic invoicing addresses are:

Operator	Electronic invoice address	OVT ID
OpusCapita Solutions Oy (E204503)	003707932978	003707932978

If you are unable to send electronic invoices, we ask you to send your paper invoices to our purchase invoice scanning service using the following address:

**Visi Oy (OpusCapita skannauspalvelu)**

**PL 20419**

**00062 LASKUTUS**

To ensure that the scanning service is able to direct your invoices correctly, the above address should also be printed on the invoice itself in addition to the envelope. This invoicing address is not intended for any other materials except for invoices, which means that our mailing address for notifications and marketing materials, for example, will remain as is.

Visi Oy's address for email invoices: [VisiOy.FI.P.133507-4@docinbound.com](mailto:VisiOy.FI.P.133507-4@docinbound.com)

Best regards,

Visi Oy
